dayana.quinones@liu.edu

Keynote Speaker: Merri Gutierrez

Merri Gutierrez began her commitment to the 30 years ago while serving as a bilingual teacher in Texas. Since then, she has collaborated with educational partners to develop new materials designed for second language learners; specifically in the area of academic language in mathematics. Ms. Gutierrez brings a rich background and a passion for ensuring the success of ELLs. Her work has been recognized by the following professional organizations: The President's Advisory Panel on Educational Excellence for Hispanic Americans, the National Association of Bilingual Education, the Texas Association of Bilingual Education and the California Association for Bilingual Education. Ms. Gutierrez is an exemplary advocate in the field of bilingual education.

*Audience: Brooklyn/Queens educators responsible for the teaching/training
of mathematics for English Language Learners*
