

We Are Where You Are

Resources and Services available at the Brooklyn Campus Library of Long Island University

ABOUT US

Though thousands of miles away from the Global College centers, the Brooklyn Campus Library is with you every step of the way in your journey.

The Brooklyn Campus Library, part of the Long Island University Library System, with its rich electronic resources and dedicated faculty and staff, brings a wealth of knowledge, resources and customized services to the Global College faculty and students, here at the Global College headquarters, and centers around the world.

Advances in technology have made it possible for libraries to minimize the impacts of physical distance and deliver full-text articles and other services to faculty and students at any location.
