5.0 TIME LIMIT TO COMPLETE DEGREE REQUIREMENTS

GRADUATE

According to University Policy, "Work for the master's degree must be completed within five years from the date of admission to the graduate program (exclusive of time spent in the U.S. armed forces). Any courses outside the time limit will not count as credit toward the degree unless approved in writing by the appropriate department and Dean," (*Graduate Bulletin, 2000-2002, p. 13*).

Because we are committed to graduating students with knowledge that is current and skills that are relevant to be successful in the professions for which we prepare our students, exceptions to this policy will not be made without written approval of the department chair or program director and Dean prior to completion of any course work.
